

9th September 2019

Dear Parents / Carers

Welcome back to the start of an exciting new academic year. You will have noticed some changes around the school including new signage, the smart new uniform along with a brand new website: www.bovington-aspirations.org which will be added to throughout the year.

An important update to give you is that with the advent of the formation of the new academy, Kris Winthorpe decided to leave employment with Bovington Academy at the end of the summer term 2019 in order to pursue other interests. Mr Winthorpe would like to thank the staff and colleagues, with whom he has worked, for their professionalism and dedication. He also wishes the children, parents and staff of the new Bovington Academy all the best wishes for the future. He is thanked for his four years of professional service as Headteacher and for his support to the transition arrangements leading to Bovington Primary becoming an academy with the Aspirations Academies Trust.

As a result of this, Aspirations Academies Trust has now appointed me as the new Principal of Bovington Academy. It is with great pride that I take on this exciting position, leading the academy, as we continue to rapidly improve standards and move forward on our next journey. Rest assured, I am totally committed to providing the very best educational experiences for your children, working in partnership with you and leading a wonderful, dedicated and hardworking team of staff.

I will be in touch shortly with some key information for the new academic year as well as an invite to afternoon tea with me so you can find out a little more about me and ask any questions you may have about the Academy.

Yours sincerely

David Graves

Principal
Bovington Academy
