Children not collected from school Policy

Date of last review:	September 2021	Review Period:	1 year
Date of next review:	September 2022	Owner:	Principal
Type of policy:	School	LAB or Trust Approved:	LAB

Bovington Academy recognises that it has a statutory duty to safeguard and promote the welfare of its pupils, and that this duty extends to having arrangements in place for dealing with children not collected from school at the end of the school day or school activity.

Before a child starts school, office staff will record the address and contact details of both parents/ person with parental responsibility for the child along with details of the child's emergency contacts. In line with KCSIE 2020, details for at least 2 contacts will be sought. The adults with parental responsibility must inform the school of changes to any of these details.

This policy and protocol are shared with parents upon induction to the school.

All KS2 teaching staff should know which of their children have written consent by their parents/carers to walk home alone. An identified adult (over 16 years of age) must collect children in EYFS/KS1 from school.

This policy should be followed on those occasions where a child has not been collected from school at the end of the day and it has not proved possible to contact the parents/carers/emergency contact person for the child. These situations are upsetting for the child, but in the majority of cases the child is collected albeit late from school.

There may be occasions when parents/carers fail to collect a child due to an accident, illness or other emergency that will result in the child not being able to go home at the end of the day. On these occasions, it is important that a protocol is available which ensures the child is looked after in a safe and welcoming environment.

The guiding principle in dealing with any situation in which a child is not collected from school must be to minimise distress to the child and for him or her to remain in familiar surroundings and/or with familiar people for as long as possible. It is important that the child does not overhear potentially stressful conversations whilst school are trying to contact parents/carers.

If a child has not been collected, the school should make every possible attempt to contact the parents /carers. The child may well be able to indicate if something out of the ordinary has happened at home (e.g. parental illness or work commitments).

On some occasions, another parent may offer to take a child home with them. School will not release a child into the care of another adult without the consent of the parents/carers. Members of staff will not take, or drive, a child to their home unless approved by the Principal.

Plans for transporting the child will be dependent upon staff availability out of hours and will take into consideration the need for adequate insurance cover, appropriate gender balance, and any information about special needs or behavioural difficulties. Where necessary to transport a child in a staff member's car, two adults must be present.

If the school cannot contact anyone, they will make every effort to reassure the child and keep him/her in a friendly and familiar place until an identified person arrives. If no one has arrived after one hour following the school closing time and no contact has been made, the school will contact the Local Authority's Children's Social Care Team.

The school's designated/ deputy designated safeguarding lead for child protection will keep a record of incidents where parents do not collect a child from school, are late in doing so, (for no good reason) or where this is a repeat occurrence. Any safeguarding/ welfare concerns arising out of such an incident will be dealt with in accordance with the school's safeguarding procedures. Children not collected from school are the overall responsibility of the Principal and any other designated safeguarding lead.
