

Ship Ahoy! A pirate's life for me

As pirates, why would we choose the Dorset coast?

STICKY KNOWLEDGE FOR GEOGRAPHY

Ten things you need to know about

1. To know where I live and locate on a map of England
2. To know that my school is in the town of Bovington, in the county of Dorset
3. To name the 7 continents and locate them on a map.
4. The Caribbean and Dorset were on major trade routes.
5. The Caribbean was not policed
6. The weather in the Caribbean is tropical: summer and warm all year round with wild storms
7. The weather in Dorset is temperate: warm summers and cold winters
8. The Dorset coast has many caves, coves, cliffs and rock formations.
- 9.. The Caribbean is made up of many small islands with coves, bays and inlets.

STICKY KNOWLEDGE FOR SCIENCE

Ten things you need to know about Animals including Humans

1. We have 5 senses: eyes to see; nose to smell; ears to hear; tongue to taste; hands to touch.
2. Animals have different skin coverings, for example, scales, feathers and hair.
3. A carnivore is an animal that gets food from killing and eating another animal.
- 4 A herbivore is an animal that feeds on plants.
5. An omnivore is an animal that eats plants and animals.
6. Animals need food and water to live; unlike plants (which make their own food) animals feed themselves by eating plants or other animals.
7. Animals are also able to sense (including see, hear, smell, taste, touch) what is going on around them.
8. Millions of animals live on earth.
9. Vertebrates are animals that have a backbone. There are five groups of vertebrates: mammals, amphibians, reptiles, birds and fish.
10. Invertebrates are animals that do not have a backbone. They include: insects, arachnids, and molluscs.
