STICKY KNOWLEDGE FOR Geography

Nine things you need to know about Farming

1. A farm is an area of land that can be used for growing crops and/or rearing animals.
2. Humans operate farms.
3. Crops need fertile land, water and sunlight to grow.
4. Bovington has farmland around it (mapwork).
5. There are farms all over the world.
6. Different things can be grown in different parts of the world (contrast with Colombia).
7. Arable land is cultivated to provide annual crops such as wheat, sugar beet, potatoes and beans.
8. A farm might have a barn, farmhouse, stable or sty.
9. Animals produce food we eat; meat, milk, eggs etc.

farmers? MORNING

Encourage independence:
- Continue to teach your child how to get dressed independently, including putting on their own coat and shoes.

Speaking & Listening::
- Talk about the different times of the year which are important for farmers, such as harvest time or when it's time to sow seeds

HOOK
